

# InSight Innovation Summit: Explore Sessions on Digital Transformation for **Education** & **Public Venues**

## 1:1 Meeting Tracks

*with Convergent experts and partners*

- How Digital Transformation is Driving Horizontal Innovation
- Manage IoT Devices with a Software-Only Solution
- Touchless Physical Access Control for a Smart & Safe Workplace
- Solving Challenges with the Latest Innovations in Video Analytics
- Empower Security Teams with LenelS2 OnGuard System
- Driving Smart Decisions with Actionable Data
- Simplifying Cybersecurity and Preventing Attacks
- Converged Biometric Identification Solutions
- Safety and Security Start with Smart Technology

## Strategy Sessions

*with industry thought leaders discussing the latest game-changing technology*

- Game-Changing Technologies for Fan Experience & Safety
- Life-Saving Technology for Emergency Notification, Response, and Management
- The Emergence of IT-Driven Visual Intelligence with Cloud-based Physical and Digital Security
- Reducing the Vulnerability of Your Surveillance Systems from a Cyber Attack
- AI and Digital Transformation: Through the Industries' Lens
- Digital Transformation: A Catalyst for Growth
- Create Safer Spaces with Weapon and Gunshot Detection Solutions
- Convergent Monitoring: Rethinking Enterprise Monitoring
- Making Your Technology Strategy a Reality

## Innovation Demos

*showcasing transformative solutions on May 20<sup>th</sup> with 110 demos*

 Cybersecurity	Secure Identities / Credentials	 Video Surveillance / Analytics	Fire, Life Safety, Communications	 Access Control
